

The Power of Words

Write a tongue twister

Exercise your tongue with this rhyme that reminds us how to use our words.

***We use wonderful wise words when we are working well with others.
Nasty negative name-calling never wins nice new friends.
Totally terrible talk turns to tears, tantrums and teasing.***

Can you create your own tongue twister to teach others? Remember tongue twisters use alliteration which is repeating the same sound at the start of most words in the rhyme.
